Newsletter no 3

## Workshops - discovering new activities

Among all the activities during the Camporee the workshops will allow pathfinders to discover many - sometimes new - activities.

All will be able to visit the 7 areas: pathfinder skills; water; sports; handicrafts; Bible; archaeology/artistic; survival skills.

Each pathfinder will go to each area, and then choose from the many activities offered in each area the ones he or she likes the most. It will be a time to learn, to have fun, to try new experiences and to meet other people!

## Open doors

All parents, friends, and church members are invited for a guided visit of the Camporee. Everyone will be able to discover first-hand the infrastructure and the organization of such an event.

This visit will be on Friday, August 7, at 3pm (ending at 6pm). A parking lot is available by the city of Estavayer-le-Lac. There is a walking track and also a shuttle service from the parking to the Camporee (parking will be open from 2pm).

To help us organize this visit in the best way, we are grateful if you could let us know how many people will attend. Please, send us

When you are asked to do something you don't like, how do you respond?

When you are caught doing something you shouldn't do, how do you react?

When you are asked to give something to someone you don't really like, what do you do?

When God calls you, how do you do?

What if Jonah is a little similar to you?

## A unique natural site

The place of the Camporee is a unique area: on the shore of the Neuchatel lake (the largest lake entirely in Switzerland) and just next to "Grande Cariçaie": a natural park with swamps. On about 3000 hectares of swamps, forests and shoals, this park is home to about 800 vegetal species and 10'000 different animal species. It's about a quarter of the entire Swiss wildlife and flora. You might even find mushrooms! A place to visit absolutely...
