# The first Camporee in Switzerland!

## 3 to 9 of August 2015

### DON'T MISS IT!!!

Newsletter 1

The Camporee is a unique event! Imagine: 2500 pathfinders from more than 15 European countries, and guests from other continents will gather to camp, play, meet, learn and discover God!

During 6 days, it will be a festival of fun and serious activities, with games, workshops, worship and lots of opportunities to meet others.

For pathfinders born between January 1999 and December 2005, it's a unique opportunity: every pathfinder can participate in only one Camporee in his life!

This is your Camporee! Don't miss it!

Switzerland - a peaceful country, its cows gazing in the mountains, by the lakes, producing milk, cheese and chocolate... not to mention watches and, for pathfinders, the Swiss pocket knife!

In Estavayer-le-Lac, we will build our camp on a large field. In the middle, the circus tent - the palace of the king of Nineveh. And all around, we will put the tents of all delegations. A few hundred meters further, the lake is waiting for us - so many opportunities to refresh in its clear water and experience splashing activities!

A village will offer a post office, a kiosk, a small shop and even a little bistro - for a snack and a drink!

*Jonas? A very different story... A prophet who refused his mission, and who was thrown into the sea, about to die...*

*But God didn't let him down. God gave him a second chance, as He gave the people of Nineveh also a second chance.*

*"Jonas. The whale way - surprised by grace" is the topic of our Camporee. Come and discover how a believer and non-believers will really experience the grace of God and change their lives!*

To be part of the 2015 Camporee in Switzerland, check out our website [aycamporee.org](http://aycamporee.org) and look for your country details. It's by the Youth Department of your country that you will be able to sign up directly.

If you are 18 or older and willing to contribute and experience the Camporee, we are looking for volunteers.

There will be many opportunities to serve, and enjoy the great atmosphere of the Camporee. So, if you speak French or German besides English, contact us at: [youth@eud.adventist.org](mailto:youth@eud.adventist.org) - or your union youth leader to apply as a volunteer.
